Dear Colleague,

Queensborough Community College will host the 40<sup>th</sup> Annual Conference of the Mid-Atlantic Regional Section (MARM) of the American Chemical Society (ACS) during May 17 – 21, 2008. This conference, MARM 2008, is sponsored by the NY Section of the ACS and has as its theme, Chemistry and Health. Dr. Ronald Breslow and Dr. Roald Hoffman are scheduled to deliver keynote lectures. On behalf of the organizing committee, we are requesting the financial support of your company in organizing and staging MARM 2008. If a response to this request falls outside your area of responsibility, please direct this letter to the appropriate person within your organization.

Funds are needed to assist with travel and accommodation expenses for Plenary and Invited Speakers, to underwrite the registration costs of younger scientists and students, and to defray the costs of light refreshments between conference sessions. The enclosure provides details of the different levels of sponsorship and the associated recognition for your company. Kindly make your donation payable to "MARM 2008" and mail to Frank Romano, Treasurer, 3280 Sunrise Highway, PMB 293, Wantagh, NY 11793.

Your company is also invited to exhibit its products and services to the target audience assembled for MARM 2008. Information on exhibition space is provided on the conference website ([www.marmacs.org](http://www.marmacs.org)) or by contacting Dr. Luis Avila ([laa4@columbia.edu](mailto:laa4@columbia.edu)). It is our hope that your company will make a financial contribution to MARM 2008 and that your scientists will attend and participate in the various symposia. Receipt of your donation or pledge of support by March 15, 2008 will facilitate our budgeting and early planning.

Thank you very much for your assistance and contribution. The organizing committee looks forward to welcoming your colleagues and you to Queensborough Community College during MARM 2008. If you need additional information, please contact either of us by phone or email as indicated below.

Very truly yours,

Frank Romano, Treasurer  
Finance Committee Co-Chair
