

# Chromatography Forum of the Delaware Valley

## 2012 STUDENT AWARD SYMPOSIUM

The annual CFDV Student Award Symposium provides graduate and undergraduate students with an opportunity to present their research in the field of separation science at the **2012 ACS MARM Meeting, to be held at the University of Maryland, Baltimore County, on May 31- June 2.**

Presentation of a paper at this symposium enables students to achieve recognition for their accomplishments, as well as to develop important career skills and professional contacts.

**All students whose papers are accepted for presentation at the Student Award Symposium will receive an honorarium and reimbursement of the undergraduate student registration fee.**

Each student will also receive a certificate acknowledging his/her accomplishment and commemorating the event, which is sponsored by the Chromatography Forum of Delaware Valley.

Though many participants are pursuing separation science as their major course of study, students in other areas such as medicine, biochemistry, engineering, and organic chemistry may present papers describing research that involves separations. Previous awardees are ineligible.

For a paper to be given full consideration for presentation at the Student Award Symposium:

**submit a title & 250-word abstract by FRIDAY, March 16, 2012 to:**

Dr. Mary Selman  
Rohto-Mentholatum Research Labs  
111 Rock Road  
Horsham, PA 19044  
Phone: 215-442-1880 x19  
E-mail: mary.selman@rmrl.com

**NOTE — After acceptance, awardees will be required to submit abstracts electronically according to directions given at:**
